The mission of the Carrboro Family Garden is to provide space, resources and education for families with children to garden organically, promote healthy eating, encourage sustainable living and cultivate community.

The goal for the Carrboro Family Garden is to educate and assist families with young children to learn to grow their own vegetables and, in the process, for children to learn where food comes from and for families to have greater access to fresh food. Each family tends their own 10x10 square foot garden parcel. Supplies and materials, tools, seeds, plants and fertilizer are provided as well as handouts and classes in gardening basics. Each family is asked to make a small contribution to help support the cost of supplies. Garden members are also asked to contribute time and effort to group workdays and maintenance of the communal garden spaces, compost area and storage sheds. The only requirement is that a family has at least one child living at home age 18 or younger.

WANT TO GET INVOLVED?
There are 29 family parcels available through the Carrboro Family Garden. Interested families should complete an application form. The application is inside this brochure! Questions? Write to us at carrborofamilygarden@gmail.com or stop by the garden during a workday.
Carrboro Family Garden Application

Your Name: _____________________________________________ Today’s Date: ______________

Address:___________________________________________________________________________

City: __________________________________________  State: _______  Zip :__________________

Best Telephone # to Reach You: _____________________  Email:____________________________

Do you have prior gardening experience?    (  )   Yes     (  )  No
Do you have space to garden where you live now? (  )   Yes     (  )  No
